EXAMPLE RECYCLING STATION

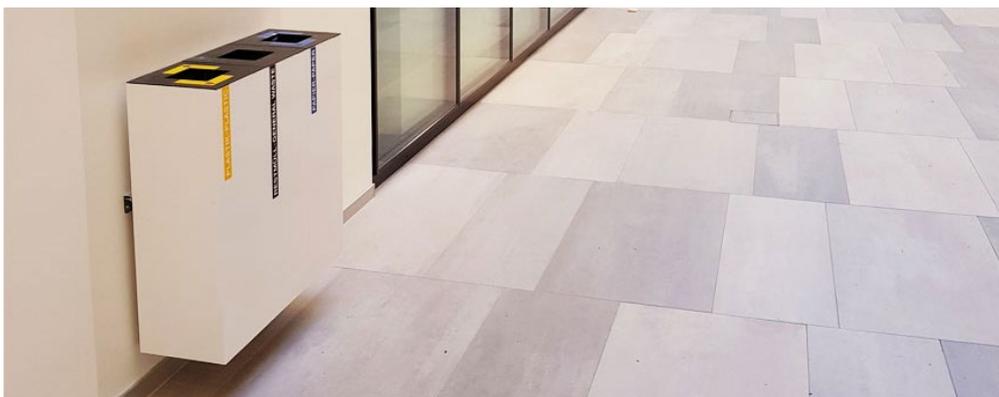

4x45L Recycling Station with frontal waste adhesives

ALICANTE Recycling

- Elegant bin with an excellent value for money which can be used by itself or forming recycling stations
- Self-extinguishing certified
- Capacity of 45 litres.
- This bin is available in 2 models:
 - Open top (standard)
 - Soft closure flap operated by depressing a foot pedal
- Collection system: hinged inner ring bag holder joined to the body of the bin.
- Hinged lid with waste identification included.
- Body available in white or in aluminum grey.
- Can be wall mounted with the wall-mounting kit (only open top version).
- Rubber feet included.
- Can be fixed to the ground with 2 M6 expanding bolts (not included) (only open top version).
- Made of 1 and 2 mm cold rolled steel plates which have been hot dip galvanized.
- It includes a thermo-heating polyester powder coated finish
- Hinges and inner ring bag holder made of zinc plated steel.
- Easy emptying system: our bins must be safe, ergonomic and clean. This bin has been designed and produced with an ergonomic and efficient emptying system which guarantees the extraction of the bag without risk of ripping.
- Plastic bags: this bin is compatible with standard bags available in the market. However, Cervic Environment have developed “Slim-fit” bags (tailor-made for our bins) which improve the performance and the aesthetic of the bins.
- Accessories: frontal waste adhesives, wall-mounting kit and ground anchor bolts kit
- Suitable to be used indoor and outdoor under normal weather conditions. In case of extreme weather conditions, such as high salinity, temperature or humidity, an additional special treatment can be included. Check extra cost and MOQ.
- Guaranteed reliability: this product has satisfactorily exceeded functionality and endurance tests under real environmental and usage conditions.
